## Gins Botanicals

Our house gin is Bombay Sapphire, served in the classic way with Fever-Tree tonic & a slice of lemon. For the most satisfying serve we recommend a double (50ml) measure with your mixer. We aim to price attractively; our double house G&T, Bombay Sapphire, is £7.20 including the tonic. Premium G&Ts (double) with tonic are £8.50. Single measures of all gins are of course available.

Whilst we may recommend a particular mixer and garnish for each of our gins, please feel free to tell us if you have a preference.
